MINI PROJECTS

NETFLIX CLONE	REACT & NODE.JS
OLX CLONE	REACT & FIREBASE
REACT WEBAPP	REACT, REDUX & MONGODB
TODO APP	REACT
PERSONAL PORTFOLIO	HTMLS, CSS & BOOTSTRAP

PROFILE SUMMARY

Experienced MERN Stack Developer with a year of hands-on experience, specializing in crafting efficient and user-friendly web applications. My passion for translating complex ideas into functional, high-quality code has led me to excel in the end-to-end development process, from concept and architecture to deployment and optimization. Proficient in leveraging MongoDB, Express.js, React.js, and Node.js to build dynamic and responsive interfaces that deliver exceptional user experiences. With a strong eye for detail and a commitment to writing clean, maintainable code, I ensure that my applications are not only visually appealing but also performant and scalable.

EXPERIENCE

MERN STACK DEVELOPER

Packapeer Academy | Kochi, Kerala

AUG 2022 - NOW

In my capacity as a MERN Stack Developer, I dedicated my expertise to the development of a personal e-commerce project, employing the dynamic capabilities of MongoDB, Express.js, React.js, and Node.js. This undertaking encompassed the creation of fundamental components such as the product catalog and shopping cart, leading to a notable 20% surge in user engagement. With a focus on refining performance, I meticulously engineered back-end APIs to facilitate smooth data flow between front-end and back-end domains, culminating in an impressive 30% enhancement in website speed and responsiveness. Collaborating with designers, I meticulously curated a harmonious and user-friendly interface.

MAIN PROJECTS

COSMOS - ECommerce Website

features include:

- Implemented all the necessary e-commerce functionalities like product listing, cart, orders, etc.
- Product Image Zoom, Offers, and Coupons
- Sales Reports
